**Stewardship**

"For it is better to suffer for doing good, if that be God's will, than for doing evil." 1 PETER 3:17

The old line says "if you want to make God laugh, tell him your plans." Many of us are diligent in our planning, making sure things are progressing smoothly, then disaster strikes, we don't get the result that was intended. An unforeseen problem arises. Many times we may respond negatively. Why me? I did everything right! Here's the thing – God has a different and better plan in store for you.

**St. Peter's Lectors:** Please sign up on the sheet in the Gathering Space for the months of June, July and August. Sign up sheet will be available until May 22. If there is anyone who would like to be a part of this ministry, please contact Mary Garlie at 218-366-1010 or [mgar@unitelc.com](mailto:mgar@unitelc.com)

**United Blood Services Blood Drive** at the American Legion on May 22-24. Call Lynn Spilman (732-8250) or Rose Loeffler (732-3892) for an appointment.

## Fr. Tom's Desk

Remember that on Memorial Day Weekend the parishes switch to our summer schedules [times elsewhere in the bulletin]. St. Mary's will once again have mass in the Grotto. Let us all once again show our hospitality to the many summer guests who come to worship with us.

### **Oil for Your Lamp**

Spring is a time of new beginnings. This is never more evident than with all the graduations that take place; from preschool, kindergarten, middle school, high school, and college. The fields and gardens spring forth new growth in anticipation of fall harvest. We just celebrated Easter and First Communion, which also represents new growth in the faith. During Easter Season we spend time in the Acts of the Apostles hearing about the growth of "this new faith", Christianity. With the busyness of summer many will often blow off Mass attendance. Instead, they will offer the excuse of worshiping while enjoying nature and all that she offers. Is it really that difficult to offer one hour of your week to the one who created nature? Many have no problem driving an hour and a half to watch a 45 minute game; after all it is not as if we are asking you to give up three days of your life in the darkness of the cold ground. He did that once for all of us. Just read about it in the Acts of the Apostles!

*"To keep a lamp burning, we have to keep putting oil in it."*

## **Faith, Wellness, and You**

Now that we are seeing more of the sun, it's time to think about skin protection and early diagnosis of skin cancer. Ways to prevent skin cancer include: applying sunscreen, seek shade, protect your skin with clothing, use extra caution near water or sand, get Vitamin D safely, consider using a self-tanning product if you want to look tan, and check your skin for skin cancer. A tan is a sign that your skin has been injured. Where you're exposed to the sun's ultraviolet rays (or from visiting an indoor tanning salon) your skin is damaged. As this damage builds, you speed up the aging of your skin and increase your risk of all types of skin cancer. Melanoma is the deadliest form of skin cancer. Early diagnosis and treatment are crucial and improve the survival of skin cancer. It is estimated that one in five Americans will develop skin cancer in their lifetime. You should check your skin often for changes, if you notice a spot that is different from others, that changes, itches or bleeds, you should make an appointment with your healthcare provider or dermatologist.

Did you know...? It is recommended to always wear sunscreen with an SPF of at least 30.
